Affiliation No:330282, School No: 65278, UDISE : 10282300808

Dear Parents, Guardians and Students,

Congratulations to all those who are qualified to enter the new class in the Session 2020 - 21.

At this time of global pandemic, first of all, I wish to assure you of our prayerful remembrance of each of you for your safety and security. Let us continue to ask God to sweep away the deadly Coronavirus from the face of the earth.

Our Honourable Leaders and expert personalities have given us expert guide lines to deal with present tragic condition of our country.

Dear parents / guardians, though books for new classes for your ward/ wards is not with them, teachers have prepared guidelines to follow. Do spend time with your ward to deal with topics through prescribed guidelines for every week from the day we upload the class wise guidelines for each class. You can access the same on school website. All tasks will be marked / recorded to reflect on the report card. Your attention is very important at this trying time.

My dear students, this is a time to make our days productive with various activities, including our class work at home. You are now in charge of your home - classroom with no teacher to get after you. Instead, they have prepared lessons for you to keep you up - to - date for every week till you finally come to school. Though you do not have your text books with you, they have given you guidelines to follow. Devote 1 hour for each subject at your pace and you will be fine. From last year's result you may have realised the importance of subject enrichment activities. So, do spend time as this will be your subject enrichment activity.

You may visit other helpful educational sites besides what teachers have suggested. I would suggest that first the prescribed sites must be visited and later you may visit the Extramarks learning app that we use in school. We will be sharing the details you can use for your studies. Extra sites will improve your exercises, answers.

We have already uploaded the spelling list for each class. Students are expected to learn the words with their meanings. They will have to find meanings in dictionary.

So, wish you all the best, dear parents/ guardians and students. Enrich yourselves with self managed classes and interesting creative activities while quarantined at home.

Write poems, paragraphs, dialogues, plays about your experiences of this time in history.

God bless all of you, protect us from COVID - 19. Stay Home, Stay Safe!

Regards,
Sister Manjushree
Principal
